

# **Earth is the home of Adam, Eve, and the unseen jinn.**

In the Holy Qur'an in chapter 2, The Cow (Al-Baqarah), Ayat Kursi 255, Allah's throne is high over the Heavens and Earth which means high over the space and galaxies and beyond. In Heaven Iblis (Shatan) is a jinn (in Arabic refers to something concealed or hidden) that is like the angels in Heaven following orders of Allah like the rest of the angels. He was in the higher ranks in Heaven. He was so close to the status of the angels in Heaven even though he was a jinn. Earth was full of jinn, and they were causing so much mischief on Earth and Allah was going to send the angels to kill them all. Iblis wanted to show Allah that he was able to do it with the help of other angels and he knew that if he did that Allah would raise him in other ranks of the angels.

Iblis and the angels descend to Earth and kill all the jinn and left a few on the Earth. Iblis came back to Heaven and thought he was in the best position with Allah after killing all the jinn on Earth. Iblis knew this assignment would give him another and higher status with Allah in the ranks of the Heaven. After this event happened, Allah made a man called Adam. Allah took clay from Earth and form him and blew life into him. Adam was given higher status than the jinn and more knowledge. Allah told all the angels that he has created Adam and he will be given knowledge and be able to name all things on Earth. Allah

ordered all the angels to bow to Adam, but Iblis did not. He did not bow to Adam because he thought he was better than him. Adam is made from clay and Iblis is made from smokeless fire.

Allah put Iblis out of Heaven for its disobedience and Hell will be his humble abode. Iblis said he will take the ones from Adam and lead them to Hell. "I will take them from every side until my judgment day," Iblis said. "You will not touch my believers in anyway other than those disbelievers of me," Allah told Iblis. Allah told him that he will fill Hell with men and jinn on the day of judgement.

Not only was Iblis put on Earth but also Adam and Eve as well were sent out of Heaven for eating from the tree of life which Allah told them not to eat fruit from this tree. On this Earth, Adam and Eve will be along with hatred in them for each other. The books have been written and ink dried there they will be until judgement day.

Iblis had its kind populate the Earth along with Adam and Eve. Iblis and his kind are of the unseen. In their world some see Iblis as God and others do not. In the jinn world they have babies, work, and have pets and eat as the seen world as Adam and Eve. In the jinn world they have Muslims, Christians, and many other religions there. They fight in their world like the human world of the seen like Adam and Eve's world of the seen.

Adam and Eve's world of the seen must live on the same planet as the jinn of the unseen world. Adam and Eve's population cannot see the jinn in their world, but the jinn can see Adam and Eve in their world. Allah has

assigned angels to every soul of Adam and Eve which are one on the right and one on the left who record their deeds. It is said that the jinn cannot see the angels protecting and recording the offspring of Adam and Eve.

The offspring of Adam and Iblis cannot cross over their worlds but can through seeking the help through mediums who have been taught how to use magic and black magic and evil magicians.

Today, many are playing around with the jinn world thinking to get rich fast and control people using these dark and dangerous forces. The Holy Qur'an tell of them how they whisper in the hearts of men and flee when they remember Allah and how witchcraft blow into knots on people. The Holy Qur'an has a whole chapter about jinn in it. Allah said in the Holy Qur'an he will assign a jinn and or Devil to the ones who disbelieve in him as a guide. Allah will also forgive the believer even though his or she has a stack of sins to the moon. Allah states just don't put a God with him. Allah tells us seek him for any and everything small or large and be patient and pray and follow the Sunnah of Prophet Muhammed, peace and blessing be upon him. But it's been over thousands of years and people are moving and moving faster away from prayer and patience. The cell phones, fast talk, computers, robots, and lust for money has changed some of the believers leaving them open to the attacks from jinn and Devils.

The jinn always try to get information from Heaven and is repelled with balls of fire from the angels of lower Heaven. Only by the will of Allah can they get information about someone on Earth at any time.

Allah has also given man and woman protection on Earth from the evil jinn and Devils. When you get sick and need medical help you go to a doctor, and when you get spiritual sick, you go to the Imam at the mosque to get better. You will not get better if you do not take your medicine and listen to who is healing you.

When you believe in Allah and trust in Allah and all the angels, messengers and books of Allah, Allah will send you a reward and or grant you victory over your problems. It only takes a brave heart to change the world for the good with the approval from Heaven. No jinn could see this coming down from Heaven even though they would try but fire balls stopped them from trying. The message got to the person by the angels in a form of inspiration to start **Jinn Hunters, Inc.** on Earth. It was delivered to an offspring soul of Adam on Earth in a dream. His name is Abdul.

In the world of jinn there are 6 different types of jinn. 1. In general jinni is referred to as jinn. 2. The jinn that lives in houses with people is called 'Aamir (dweller). 3. The jinn who interacts with children are Arwaah (spirits). 4. Jinn who are wicked is Shaytaan (devil). 5. The jinn who is worse than Shaytaan is Maarid (demon). 6. Finally if the jinn is worse than a demon but stronger is called 'Ifreet.
